- Email: savitechco@gmail.com

2. Content of disclosure:

Pursuant to Circular No. 96/2020/TT-BTC providing guidance on information disclosure on the securities market, Sai Gon Vien Dong Technology Joint Stock Company would like to provide the following explanation:

The difference between the reviewed financial statements for the first six months of 2025 and the financial statements for the same period of the preceding year as follows:

Unit: VND

Content	Business results for the first six months of the year		Difference
	In 2025	In 2024	
Profit after corporate income tax	10,711,653,071	14,516,013,555	-3,804,360,484

The reasons for the difference include:

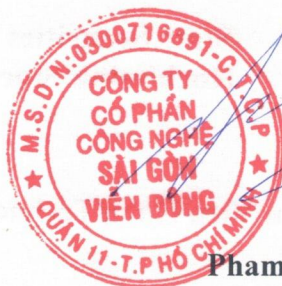

The reviewed financial statements for the first six months of 2025 show no difference in revenue. The decline in profit after tax compared with the same period of the preceding year is primarily attributable to the decreased financial investment income, particularly dividends distributed from the paper business sector.

However, dividend income distributed from the education sector in this period increases in comparison with the same period of the preceding year, hence the Company still maintains an overall profit for this quarter.
