2. Contents of disclosed information:

- Pursuant to the Circular No. 96/2020/TT-BTC guiding the information disclosure on the stock market, Sai Gon Vien Dong Technology Joint Stock Company hereby explain the difference between the Financial Statements for the third quarter of 2025 compared to the Financial Statements for the same period of the immediately previous year as follows:

Contents	Business results		Difference
	Quarter 3/2025	Quarter 3/2024	
Net revenue from goods sale and service provision	5.615.589.472	681.818.181	+ 4.933.771.291
Profit after tax	2.813.372.547	4.659.386.371	- 1.846.013.824

Reasons for the difference:

Implementing the Resolution of the Board of Directors, from the third quarter of 2025, the Company has carried out business operations in the direction of deeper involvement in the education sector. Specifically, during this quarter, leveraging its strengths in facilities, legal conditions and support from associated partners, the Company has directly organized general education activities instead of merely investing capital as in previous years. As a result, service revenue for this quarter has increased several times compared to the same period last year.

On the other hand, regarding capital investment during this quarter in comparison with the same period last year, associated companies have not yet distributed dividends; therefore, there is no income from this source. Consequently, the overall profit decreases in comparison with the same period of the previous year.
