2. Contents of disclosed information:

Pursuant to Circular No. 96/2020/TT-BTC guiding information disclosure in the stock market, Sai Gon Vien Dong Technology Joint Stock Company (Stock symbol: SVT) hereby explains the differences between the audited financial disclosures for 2025 and those of the previous year as follows:

Indicator	2025	2024	Comparison between 2025 /2024 (%)
Total revenue from sales and services (VND)	14.333.372.037	2.727.272.724	525,6 %
Profit before tax (VND)	27.505.259.990	28.269.301.134	97,3%
Profit after tax (VND)	26.845.514.444	27.581.434.676	97,3%

The differences in business results between 2025 and 2024 mainly stem from the following factors:

• **Revenue from sales and service provision:**

Revenue in 2025 increased multiple times compared to the previous year. This growth is the result of the Company's business restructuring efforts, deeper participation in the general education sector, and direct implementation from the beginning of the 2025–2026 academic year in accordance with the Resolution of the Board of Directors.

• **Profit before and after tax:**

Due to difficulties in the paper industry over the past year, financial investment returns from this sector declined slightly compared to the same period last year, though not significantly. However, through dividend income received and profits from the education business, the Company still ensured the dividend distribution plan to shareholders as approved by the 2025 Annual General Meeting of Shareholders.
